

Tuition and Expenses Worksheet

2024-25

Every student who wants a Christian education should have it, regardless of finances.

This is possible through the supportive community at PAA, though it requires a strong financial commitment from family as well. To help you with budgeting, here is an outline of tuition costs and anticipated expenses for the year. You'll notice some are optional. Tuition & fee payment is handled through FACTS, our school management software, which you register for by completing enrollment. Once enrollment is completed the financial officer at PAA will sit down with you to discuss available resources and payments.

| Tuition | | Totals |
|--|-----------------|------------|
| Annual tuition | | \$8,510.00 |
| Registration Fee* | | \$150 |
| | | |
| | Subtotal | |
